Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Mowry Clinic Renovation project in Fiscal Year 2027. The entity to receive funding for this project is Bay Area Community Health, located at 40910 Fremont Blvd. Fremont, CA 94538. The funding would be used for the renovation and reconfiguration of existing clinical space to improve functionality and increase patient capacity.

The project is an appropriate use of taxpayer funds because it is a cost-effective modernization of an existing healthcare facility that will expand service capacity, improve facility efficiency, and ensure the clinic is equipped to meet current and future community health needs.

The project has a federal nexus because the funding provided is for purposes authorized under the Public Health Service Act.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Member of Congress
