Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Lewelling Boulevard Multimodal Safety and Complete Streets Project in fiscal Year 2027. The entity to receive funding for this project is the City of San Leandro, located at 835 E. 14th Street, San Leandro, CA 94577. The funding would be used for construction of critical multimodal safety improvements along approximately one mile of Lewelling Boulevard between Wicks Boulevard and Washington Avenue. The project is an appropriate use of taxpayer funds because it will leverage multiple funding sources to deliver long-term infrastructure improvements that increase safety, reduce maintenance costs, and support economic vitality.

The project has a federal nexus because the funding provided is for purposes authorized by 23 USC 133.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Member of Congress
