Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Lazuli Landing Affordable Housing Project in fiscal year 2025. The entity to receive funding for this project is the City of Union City, located at 34009 Alvarado-Niles Road, Union City, CA 94587. The funding would be used to develop a new community of affordable one to three bedroom apartments in an attempt to address some of the affordable housing need in my district.

The project is an appropriate use of taxpayer funds because access to affordable housing promotes economic stability among our local workforce, including teachers, healthcare workers, service industry employees, and others who play essential roles in the economy. Access to this sort of affordable housing enables workers to live closer to their jobs, reduces commuting costs, time, and environment impacts and improves overall financial security and the wellbeing of our community. The project has a Federal nexus because the funding provided is for purposes aligned with 42 U.S.C.5305(a)(1), 5305(a)(2), 5305(a)(4), and/or 5305(a)(5).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Member of Congress
