March 28, 2023

The Honorable Kay Granger  
Chair  
Committee on Appropriations  
H-307, The Capitol  
United States House of Representatives  
Washington, DC 20515

The Honorable Rosa DeLauro  
Ranking Member  
Committee on Appropriations  
1036 Longworth House Office Building  
United States House of Representatives  
Washington, DC 20515

Dear Chair Granger and Ranking Member DeLauro:

I am requesting \$2,000,000 in funding for the I680-Sunol Interchange Project in Fiscal Year 2024. The entity to receive funding for this project is the City of Pleasanton, 123 Main Street, Pleasanton, CA 94566.

The project proposes to upgrade the Interstate 680 (I-680)/Sunol Boulevard Interchange and provide local road intersection improvements within the City of Pleasanton. The project area is a major regional bottleneck in peak period. Projections indicate that demand will continue to increase during peak periods, adversely affecting travel speeds and increasing the level and duration of congestion.

The project will reduce congestion on Sunol Boulevard, accommodate future traffic volume growth, and promote safer and more efficient pedestrian and bicycle travel through the interchange which is currently dangerous.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Eric Swalwell  
Member of Congress

The Honorable Mike Quigley  
Ranking Member  
Subcommittee on Transportation, Housing, Urban  
Development, and Related Agencies  
House Committee on Appropriations  
Longworth House Office Building 1036  
Washington, DC 20515

Dear Chairman Cole and Ranking Member Quigley:

I am requesting funding for the I680-Sunol Interchange Project in Fiscal Year 2024. The entity to receive funding for this project is the City of Pleasanton, 123 Main Street, Pleasanton, CA 94566.

The project proposes to upgrade the Interstate 680 (I-680)/Sunol Boulevard Interchange and provide local road intersection improvements within the City of Pleasanton. The project area is a major regional bottleneck in peak period. Projections indicate that demand will continue to increase during peak periods, adversely affecting travel speeds and increasing the level and duration of congestion.

The project is an appropriate use of taxpayer funds because it will reduce congestion on Sunol Boulevard, accommodate future traffic volume growth, and promote safer and more efficient pedestrian and bicycle travel through the interchange which is currently dangerous.

The project has a Federal nexus because it is authorized under chapter 53 of title 49 of the United State Code. The project supports public transportation; improves the development and delivery of a capital project; and helps establish standards for the state of good repair of public transportation infrastructure.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Member of Congress
