Dear Chairman Cole and Ranking Member Quigley:

I am requesting funding for the Marylin Avenue STEAM Campus Entry Point- Rehabilitation project in Fiscal Year 2024. The entity to receive funding for this project is Livermore Valley Joint Unified School District (LVJUSD), 685 East Jack London Blvd., Livermore, CA 94551.

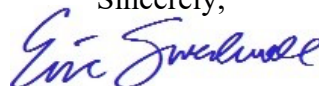

The Marylin Avenue STEAM Campus entry point project will rehabilitate the campus student drop-off infrastructure to expand capacity, and enhance safety and accessibility, as the school grows its population and transforms into a new magnet school campus serving additional students. LVJUSD will demolish the existing parking lot and build a new student/parent pedestrian and vehicular drop off and waiting areas and a new student entrance onto the campus play space.

The project is an appropriate use of taxpayer funds because it will rehabilitate the campus student drop-off infrastructure to expand capacity, and enhance safety and accessibility, as the school grows its population and transforms into a new magnet school campus serving students from across the LVJUSD.

The project has a Federal nexus because the funding provided is for purposes authorized by 42 U.S.C. 5305(a)(4). It involves the reconstruction and rehabilitation of public facilities building and improvements that improve the facilities and site, expands use for recreational opportunities, promotes energy efficiency, and increases accessibility of elderly and handicapped persons.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in blue ink that reads "Eric Swalwell".
