Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Union Sanitary District Enhanced Treatment and Site Upgrade (ETSU) Campus Solar Project for fiscal year 2023. The entity to receive funding for this project is Union Sanitary District, 5072 Benson Road, Union City, CA 94587.

The funding would be used to add additional solar photovoltaic power generation on-site, with the combined features providing both cleaner water and cleaner air for our region. Federal assistance would be dedicated to the construction of an innovative alternative energy production facility that would reduce demand on existing energy systems. The proposed project would support the State of California’s goal of net zero greenhouse gas emissions and diversification of its alternative energy portfolio.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Eric Swalwell
Member of Congress
